HARTFORD JT 1

JUNE 19, 2025

CENTRAL

On the right, you can see the open flooring in the hallway near the cafeteria at Central in preparation for the new family bathroom!

LINCOLN

The trench at Lincoln has been dug making it ready for brick removal at Lincoln. As a reminder, the urgent need for remediation of the exterior brick is where the concept for the referendum began.

ROSSMAN

The canopy at Rossman has been removed. Shown at right is the 'new' view of the north side (back, or Rossman Street side) of Rossman Elementary School.

Watch our progress throughout the summer!

THANK YOU, VOTERS!
