

CONSTRUCTION

HARTFORD JT 1

JUNE 12, 2025

CENTRAL

Construction has begun at Central Middle School. The school office has been emptied out and electricity and plumbing are being disconnected in advance of remodeling.

LINCOLN

Demolition of the old locker rooms at Lincoln Elementary is well underway. The space shown here will become our new Music room by the end of Summer break!

ROSSMAN

The security fencing has been installed around the work area at the main entrance of Rossman Elementary. The front and back canopies will be removed and a new, smaller canopy will be constructed at the main entrance.

Watch our progress throughout the summer!

THANK YOU, VOTERS!
