Course Descriptions

ART ACADEMY - Demonstrate your creativity through finger paints, water colors, perler beads and glitter. We will use fine motor skills to produce high quality and creative work. **Fee = \$10.00**

ART DESIGN - Do you like to scrapbook, build paper sculptures, craft with yarn, and paint? Then this class is for you. Students will also dabble with technology like Pixel Art and BeFunky Photo Editor. **FEE- \$10.00**

BACKYARD GAMES— Stay active by enjoying the games we love to play in our backyard, picnics and family events. Ring toss, Corn-hole, 4 Square, Mini-golf, Jenga and Yard Yahtzee to name a few. We will also work on good sportsmanship and social skills as we explore a variety of recreational games. **NO FEE**

DIGGING UP DINOSAURS - A “hands-on” science program. In this course we will be “digging up” information about dinosaurs while participating in fun activities. We will be reading books, writing, playing games, making fossils, singing songs and measuring the size of dinosaurs for comparison. **Fee = \$10.00**

EXACT PATH - Keep moving forward with Math and Reading skill mastery. Exact Path is a self-paced program that may be completed at anytime, from anywhere with internet access. A school computer is available for the summer to make working on the program more accessible. This individualized program works on specific skill readiness and provides instruction within your child’s learning path. Your child will be challenged by new skills to move them forward academically. Meet the time on task and trophy challenges to participate in fun online social events and other incentives. **NO FEE**

GAMESMANSHIP - Students will play games that stress being cooperative and promote gamesmanship. The ability to read directions, follow group rules, and accept all possible outcomes of playing a game are stressed. Throw away video games for some excellent REAL games! Games will be age and ability based. Students will learn to apply logic skills, increase focus, and improve memory all while developing social skills while interacting with others. **NO FEE**

INCREASE YOUR READING - Reinforce the most important concepts from the past school year. Play games like vocabulary bingo, word-forming Scrabble, Boggle and Adventure Camp. **NO FEE**

INTRODUCTION TO STEM - Use SPRK+ and problem solve real life events through fun enriching projects and activities. Students will experiment and explore many different areas in Science, Technology, Engineering, and Mathematics. **FEE- \$10.00**

KINDERGARTEN MATH (Entering KG) - This course will expand math readiness through activities, games and projects. **NO FEE**

KINDERGARTEN READING (Entering KG) - This course is open to incoming Kindergarten students. Students will expand reading readiness through Rhyming Word Bingo, Reading Round Up and Sight Word Slap. **NO FEE**

MATH ADVENTURES— Reinforce the most important concepts from the past school year. Practice math concepts through games like Shut the Box, Count Dracula, Dino Math Tracks and Mathonopoly. **NO FEE**

OUTDOOR FUN - Improve coordination, strength, flexibility and basic physical education skills through relay races, Capture the Flag, 4 Square and balloon toss. We will also work on good sportsmanship and social skills as we explore a variety of recreational games. **Fee = \$10.00**

READER’S THEATER— Students will use their imagination without limits. Choose a setting, pick a character, and plan your character’s motivation and abilities. But it doesn’t stop there. Students will then use improvisation and role-play to explore every aspect of literacy development. **NO FEE**

REAL WORLD MATH- Math is much more than a set of problems. This class will help you think analytically and improve reasoning skills. We will explore math by creating a business, looking at supply/demand, and not spending money you don’t have. **NO FEE**

ROBOTICS— Use SPRK+ and Lego Mindstorm to problem-solve real life events in a challenging and fun way. This class will develop skills in Science, Technology, Engineering and Mathematics. **FEE- \$10.00**

Deadline to register is May 1st

Course Descriptions

ART DESIGN - Do you like to scrapbook, build paper sculptures, craft with yarn, and paint? Then this class is for you. Students will also dabble with technology like Pixel Art and BeFunky Photo Editor. **FEE- \$10.00**

BACKYARD GAMES– Stay active by enjoying the games we love to play in our backyard, picnics and family events. Ring toss, Cornhole, 4 Square, Mini-golf, Jenga and Yard Yahtzee to name a few. We will also work on good sportsmanship and social skills as we explore a variety of recreational games. **NO FEE**

BEGINNING BAND- Students learn the basic skills that every successful beginning band student needs! Progress made in this course is typically the equivalent of one full trimester during the regular school year. Basic instrument care, cleaning and maintenance are also covered. This is a great way to kick-start students' middle school Band experience! **NO FEE**

EXACT PATH- Keep moving forward with Math and Reading skill mastery. Exact Path is a self-paced program that may be completed at anytime, from anywhere with internet access. A school computer is available for the summer to make working on the program more accessible. This individualized program works on specific skill readiness and provides instruction within your child's learning path. Your child will be challenged by new skills to move them forward academically. Meet the time on task and trophy challenges to participate in fun online social events and other incentives. **NO FEE**

GAMESMANSHIP - Students will play games that stress being cooperative and promote gamesmanship. The ability to read directions, follow group rules and accept all possible outcomes of playing a game are stressed. Throw away the video games for some excellent REAL games! Games will be age and ability based. Students will learn to apply logic skills, increase focus, and improve memory all while developing social skills while interacting with others. **NO FEE**

HARRY POTTER - Wizards and Hogwarts! Muggles and Muddbloods! Quidditch and Broomsticks! Come and explore the fun of fantasy through the magical world of Harry Potter. Explore potion making, play quidditch and make a patronus cookie catcher to name a few of the activities. **FEE - \$10.00**

INCREASE YOUR READING - Reinforce the most important concepts from the past school year. Play games like vocabulary bingo, word-forming Scrabble, Boggle and Adventure Camp. **NO FEE**

MARCHING, JAZZ BAND - Open to students entering 7th and 8th grades that have at least one year of experience on his/her instrument. All instruments welcome. Students must secure an instrument prior to the start of class. This course features a mix of marching band, pep band and jazz band experiences. Students prepare for upcoming parades in the fall, and learn the basics of pep and jazz band styles. This is a great way for students to experiment with a variety of musical genres while having fun in a relaxed, informal summertime setting. **NO FEE**

MATH ADVENTURES– Reinforce the most important concepts from the past school year. Practice math concepts through games like Shut the Box, Count Dracula, Dino Math Tracks and Mathonopoly. **NO FEE**

MATH IN THE KITCHEN– How do you measure up when cooking in the kitchen? Explore what it means to scoop a cup of flour and pack a cup of flour, how cooking affects cells, and how baking powder works. Leave this class with a cookbook of recipes to make for your family. **FEE - \$10.00**

OPEN LESSONS- This class is designed for 6-8th grade students who would like to improve their skills and become better at their instrument. **NO FEE**

ORCHESTRA BEGINNING STRINGS - This class is for all beginners in 6th, 7th or 8th grade who would like to learn how to play an orchestra instrument. Essential Elements 2000 for Strings (Book 1) Suzuki (Book 1) will be supplied to students. **NO FEE**

ORCHESTRA 7TH GRADE - This class is highly recommended to all 7th grade orchestra students who want to play swing, rock and classical style music. We will be learning songs to prepare for the upcoming school year. **NO FEE**

ORCHESTRA 8TH GRADE - This class is highly recommended to all 8th grade orchestra students who want to play swing, rock and classical style music. We will be learning songs to prepare for the upcoming school year. **NO FEE**

READER'S THEATER– Students will use their imagination without limits. Choose a setting, pick a character, and plan your character's motivation and abilities. But it doesn't stop there. Students will then use improvisation and role-play to explore every aspect of literacy development. **NO FEE**

REAL WORLD MATH- Math is much more than a set of problems. This class will help you think analytically and improve reasoning skills. We will explore math by creating a business, looking at supply/demand, and not spending money you don't have. **NO FEE**

ROBOTICS– Use SPRK+ and Lego Mindstorm to problem-solve real life events in a challenging and fun way. This class will develop skills in Science, Technology, Engineering and Mathematics. **FEE- \$10.00**

SUMMER NEWSPAPER - Step into the world of journalism and work on your writing skills. Develop a school newspaper by keeping your reader's interests in mind. Brainstorm stories in Sports, Weather and the Community. Apply your math and reading skills in a real-world format. **NO FEE**

NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

The School District of Hartford Jt. 1 Board of Education is committed to providing an equal educational opportunity for all students in the District. The Board does not discriminate on the basis of race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, (including transgender status, change of sex or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes") in any of its student program and activities. The Board designates the following individual to serve as the District's "Compliance Officer" - Alex Kenealy, Director of Pupil Services and Special Education, School District of Hartford Joint #1, 402 W. Sumner Street, Hartford, WI 53027, 262-673-8042, kenealy@hjt1.org. Students, parents and all other members of the School District community are encouraged to promptly report suspected violations of this policy to a teacher or administrator. The complaint procedure will follow Board Policy 2260.

Deadline to register is May 1st
