

November 7, 2024

Dear School District of Hartford Joint No. 1 Team Members, Parents, and Community Members,

The District and Board of Education would like to extend our gratitude for your support of our \$8.2 million capital referendum on November 5, 2024. With your support, our district is able to fund a comprehensive school facility improvement plan at Lincoln and Rossman Elementary Schools and Central Middle School, without increasing your annual tax burden for debt repayment.

Our team of canvassers met today and verified the preliminary election results from Tuesday evening, in which 66% of our voters supported the referendum question!

The entire district is grateful to our residents for showing their support for these comprehensive improvement projects that will benefit all of our PreK-8<sup>th</sup> grade students.

We are excited to move into the next phase of implementing these district-wide improvements, which includes a 5-month design phase, followed by approximately twelve months of construction. Additional details on the referendum projects are available on the District's website and will continue to be updated to share progress on these projects.

Thank you again for your support of this referendum!

Yours in Education,

*Tara Villalobos*

Dr. Tara Villalobos  
District Administrator
