

# CONSTRUCTION

HARTFORD JT 1

SEPTEMBER 10, 2025

## CENTRAL

In addition to the family bathroom, located adjacent to the cafeteria, we now have a bathroom located by our special education classrooms on the academic side of the building.

## LINCOLN

Our walk-in refrigerator and freezer are in at Lincoln! While the kitchen is not typically visible to the public, this is a remarkable improvement over previous years, in which our walk-ins were located outside of Lincoln School.

## ROSSMAN

The swale that was added to slow down and filter stormwater runoff, and the surrounding grassy area, has been seeded. This will help with drainage and erosion control in our front landscaping.

*Watch our progress!*

THANK YOU, VOTERS!
